1	I have learned from people that B.R.R.VAMSADHARA PROJECT has an extension which includes linking the ponds from different villages. There are many rumors going on that existing plans have manipulated to accommodate some of the big players interests. As per my knowledge, the design was done during Late Rajasekhar Reddy. But it has been tweaked a lot by local influence. I would like to have all existing plans for this for this project and I am more interested to see the village in Burja Mandal with the survey number. Please	<p>No specific information w.r.t. linking the ponds from different villages is available .</p> <p>However, B.R.R Vamsadhara Project Phase-II of stage-II , Andhra Pradesh is currently under techno economic appraisal and the index plan of Neradi barrage is attached.</p> <p>The details of the Project and the present status are as under:</p> <ul style="list-style-type: none"> Phase II of Stage II contemplates construction of a side weir 2km u/s of proposed Neradi barrage on right flank of the Vamsadhara river temporarily to divert 8TMC water through FFC to proposed Hiramandalam reservoir then to existing Gotta Barrage through canal. CCA of the Project is 18211.00 Ha and Estimated Cost as per DPR is Rs 1618.80 Cr (Price Level 2015-16) <p>Dispute related to use and management of the water of the Vamsadhara River and the river valley by the two States i.e., Andhra Pradesh and Odisha is pending with Vamsadhara Water Disputes Tribunal (VWDT).</p> <ul style="list-style-type: none"> The approved yield series of Hiramandalam Reservoir; Singidi & Parapuram balancing reservoirs; and local drains in the command of Flood Flow Canal for Hydrological Studies and the revised Cost
