

Simsang Dam Project

The Simsang Dam Project is proposed to be developed as a multipurpose scheme/project located in the Simsang river at Rongkhandi near Nangwalbibra township under East Garo hills District of Meghalaya.

The Simsang Dam project is proposed to harness the head available between Dam, which is accessible by about 2.5 km foot track from the main road (Dudhnoi-Nangalbibra-Baghmara National Highway - 62) and PH Location, which is accessed through foot track of about 5 km. Similarly, power house and switch yard sites and the tunnel alignment can be accessed through foot track of about 5 km.

The project Dam site is located Latitude & Longitude 25° 28' 38" North 90° 41' 38" East. The project site is accessible from the Dudhnoi-Nanwgalbibra-Baghmara National Highway-62 at a distance of about 6 km from Nangwalbibra.
