Dated: 05/01/2021

To,

All Officers & Staff (CWC HQ)
Sewa Bhawan, New Delhi

Subject: To restrict the Usage of Extension board – reg

It is been noticed that some officers and staff are using extension boards for connecting multiple devices like photocopier machine, heaters, oven etc. in one single point (with lower amperage) which may lead to untoward incidents. The use of extension boards in improper way may have serious repercussions and may lead to electrical damages and other mis-happening.

In this regard, all officers and staff are therefore requested to restrict the use of extension boards to the minimum. Further, extension boards are to be use only where extension of wire is required, and use of multiple devices in the single extension boards should be completely avoided.

This issue as per direction of Director (PCP).

Yours Faithfully
