CWC support letter.pdf (301kB)

Dear Mr Husain,

Greetings from the American Water Works Association. I had written to the office of Mr Narendra Kumar, who I believe retires in October with you taking over as the chairman in the interim.

I was referred to the office of the Chairman of CWC to by **Dr. Amarjit Singh**, Secretary MOWR. He wanted the Chairman CWC to represent MOWR at the conference organised by the American Water Works Association on - 'Total Water Solutions' on 10-11 November 2017 in Mumbai. Please find attached a letter addressed to you on the subject.

We look forward to having you with us at the very important conference aimed at addressing challenges in the water sector in India.

Regards,  
Siddharth.

16 October 2017

Mr S. Masood Husain,  
Member(WP&P),  
Central Water Commission,  
New Delhi.

Sub - The AICE 2017 Conference by the American Water Works Association (AWWA) in Mumbai

Dear Mr. Husain,

I'm writing to you with reference to the directive received from the Secretary, MOWR nominating the Chairman of Central Water Commission to represent the Ministry at the American Water Works Association's international conference titled AICE'17 - Total Water Solutions. AWWA would be glad to partner with Central Water Commission for this conference.

I have addressed this letter to you since Mr. Narendra Kumar retires in October and you are taking over his position in the interim.

AWWA's first international office was opened in India in November 2015. In its 2nd year of successful growth in India, AWWAIndia is organizing its first international conference titled 'AICE'17 - Total Water Solutions' in Mumbai, India from 10-11 November 2017.

AICE'17 aims at "Uniting the Indian Water Industry". It seeks to create a platform for collaboration between policy makers, utilities, practicing engineers and academicians in order to find innovative solutions for the challenges facing the water industry; a forum for an honest dialogue which culminates in a unified, objective and sustainable vision which resonates with all stakeholders of the Indian water industry. The synergy of technical expertise, thought leadership and innovative solutions would be used to forge solutions which will lead to a "Better India through Better Water".

AICE'17 is supported by US Commercial Service - United States of American Department of Commerce, Maharashtra Water Resources Regulatory Authority (MWRRA), Maharashtra Pollution Control Board and many other organizations.

We would have over 300 decision-makers at the conference and over 2000 trade visitors at the exhibition. More details on the event can be found on

<http://awwaindia.org/totalwatersolutions>.

Some highlights of the conference include:

**Utility Council Meet:** This forum is unique and first time in India. This 'Utility Council Meet' will have heads of all leading utilities from across India to share common issues faced by them and discuss innovative technology solutions they could adopt to upgrade their aging infrastructure.

We will also have heads of some leading utilities from the US at the meet talking about how technology has enabled them to address challenges.

**Industry-Academia platform:** We are creating a unique platform for industry-academia to engage in co-creating solutions for the water and wastewater sector in India.

As directed by the Secretary MOWR, we seek Central Water Commission's support as a Supporting Organization for AICE'17. Our organizations have a lot in common with 'Water Quality' and 'Environment Protection' being amongst our key focus areas. We would be glad to have your support in the below mentioned areas.

1. Central Water Commission as a supporting organization for AICE'17. CWC's logo will be prominently showcased as a supporting organization.
2. Charmin's participation at the inauguration panel of AICE'17 on 10<sup>th</sup> November 2017 at 9:00 am delivering a short message on behalf of CWC.
3. Chairman participating in the panel discussion on the topic 'Policy/Regulations: Challenges, Way Forward'.

I hope to receive a positive revert from you. Should you need any additional information I would be more than happy to provide the same.

Thanking You

Warm Regards

**Siddharth Vishwanathan**
