With reference to mentioned subject matter vide which desired information was sought by Shri Kuntla Sai Vyshnavi, 2556, 17<sup>th</sup> B Cross Road, 3<sup>rd</sup> Main Road, Yelahanka Cross Road, 3<sup>rd</sup> New Town, Karnataka, Pin – 560064 on flood disaster took place in Delhi. In this regard, the reply to referred questions from Flood Management Organisation (FMO) is as under:

Sl No.	Question	Material for Reply
1.	I want to know information about the flood disaster took place in Delhi?	No specific information available .
2.	What is the cause of flood?	Flood Waves was the result of heavy rainfall in the catchment of River Yamuna along with exceptionally high rainfall in the districts of Yamuna Nagar, Karnal, Panipat, Sonipat and Delhi, and other adjoining catchment of River Yamuna. This lead into generation of high run-off which increased the discharge in river Yamuna and raised the level of River Yamuna abruptly.
3.	What actions have been taken?	CWC issues flood forecasts as a non-structural measure of flood management, to concerned State Governments with consent from them at identified locations. CWC also issues inflow forecasts to identified reservoirs for proper reservoir regulation. CWC issues flood forecasts as per standard operating procedure.
4.	Are there any serious damages for anything or anyone?	No specific information available.
5.	What are the precautions to be taken to avoid such disasters in near future?
