Sub: Request for sorting the list of 432 library books to be weeded out - reg.

This is to inform that *“The sample physical verification of books of the library of CWC was conducted during the year 2022-23. During the course of physical verification, it was found that a total of 432 books are badly damaged/mutilated/termites affected which were recommended for weeding out by the Committee.”* which are badly damaged/mutilated/termites affected and were under consideration for weeding out.

During the first meeting of the Committee for weeding out of old books/publications from the Library and Information Bureau which are no more useful held on 13.06.2024 under the Chairmanship of Chief Engineer (Design-NW&S), CWC, one of the decisions taken out is that the list of aforementioned 432 books may be uploaded in CWC website for wide circulation. It is also to mention that there are only some books which can be digitized or can be used at present but most of the books are in bad condition which even it cannot be picked up. The list of 432 library books to be weeded out is **enclosed** in this regard.

In view of above, it is requested that all CWC officers/staff may go through the aforementioned list of 432 library books and may provide the list of those books which they may find useful within 15 days through their respective coordination directorates. After getting the request of retention of those sorted books, the physical condition of these books shall be examined and whether it can be digitized or weeded out may be decided in the next meeting of the Committee.

Encl. As above
