All JE's of Central Water Commission.

**Subject: Strict compliance regarding resignation requests of Junior Engineers (JEs)-
regarding**

It has come to our notice that several Junior Engineers (JEs), who have submitted their resignation requests after final selection in other departments are bringing outside influence in an attempt to expedite the processing of their resignation. This constitutes a clear violation of the CCS (Conduct) Rule, 1964, and is placing undue pressure on the officials, thereby disrupting the work of the section.

2. It is noteworthy to mention here that the processing of resignation request is a routine matter and there are some standard procedures which is required to be undertaken before the file is submitted for approval of the competent authority.

3. Therefore, all Directors/SE are advised to impress upon JEs who have submitted their resignation request to refrain from bringing outside influence. Failure to comply with this directive will attract strict administrative action.
