

No. 05/14/2017-E-I/ 171
Government of India
Central Water Commission

Room No. 305(S), Sewa Bhawan,
R.K. Puram, New Delhi – 110 066
Dated: 2nd Feb., 2018

CIRCULAR

The Ministry of Micro, Small and Medium Enterprises (MSME) is in the process of establishing 15 new Technology Centers. For implementation of Project, MSME has called the applications from STS officers to work **on loan basis** for a period of two years with the possibility of extension of one year. The place of posting would be Nirman Bhawan, New Delhi. While the salary of the officer so deputed would be borne by the parent department, but the TA/DA would be borne by MSME subject to approvals.

The willing STS officers may apply with their complete bio-data in triplicate, through proper channel, to Establishment Section-II, CWC latest by 16.02.2018. The decision for forwarding their applications would, however, be taken after taking into account the vacancy position in the STS Grade in CWC. The application received after the stipulated date will not be entertained.

Officers willing to submit their application must ensure that their updated Bio-Data is available on CWC website.

Subject: Request for the services of a Civil Engineer.

Sir,

I have been directed to say that the Office of the Development Commissioner, Ministry of Micro, Small & Medium Enterprises is in the process of establishing 15 new Technology Centres under the programme known as the Technology Centre Systems Programme (TCSP) and also to upgrade the existing Technology Centres. The estimated cost of the project is Rs. 2200/- crore including a World Bank loan assistance of USD 200 Mn.

The project is at an advance stage of implementation with 10 contracts having already been signed. The project is multidimensional in nature with the construction of buildings being a major component as well as an impediment in the timely implementation of the project. This constraint is basically on account of the absence of an experienced Civil Engineer to guide the construction activities.

The cadre structure of DC (MSME) office does not have any post of Civil Engineer, whereas we urgently need two Civil Engineers to oversee the implementation of this prestigious project.

Keeping in mind the scope and urgency of the project which has fixed timelines, I have been directed to request you to explore the possibility of deputing two Civil Engineers, one of the level of Executive Engineer and the other of the level of Superintending Engineer on loan basis to this organization till the life of the project. While the salary of the officers so deputed would be borne by the parent department, the TA/DA as the case may be and as and when the situation demands would be borne by this organization, subject to approvals.

If the above request meets with your approval, it is requested that a panel of three/four names in each category along with their respective CVs may be forwarded to the undersigned at an early date to enable us to make a selection, keeping in mind the requirements of the job, the qualification and experience of the officer(s) concerned.

An early response would be highly appreciated.

This issues with the approval of the Additional Secretary & Development Commissioner.

Yours faithfully,

(Robert C. Tully)
Director
