NGT orders KRMB to inspect RLIS

Tribunal asks board to go ahead without any assistance from AP

M SRINIVAS
HYDERABAD

In a major setback to Andhra Pradesh, the National Green Tribunal (NGT) on Friday directed the Krishna River Board Management (KRMB) to independently inspect the Rayalaseema Lift Irrigation Scheme (RLIS) without any assistance from the AP government.

The NGT, hearing a contempt petition filed by Gavnolla Srinivas against AP projects, asked the board to explain why it had failed to visit the project site, Additional Advocate General J Ramachandra Rao told 'Telangana Today'. In its affidavit filed before the tribunal, the board requested the NGT to pass an appropriate order as the AP government was not facilitating the visit by a KRMB team to inspect the RLIS.

Rao, who argued the case on behalf of the Telangana government, one of the re-

The NGT asked the board to give proper reasons why it had failed to visit Rayalaseema Lift Irrigation Scheme

— J RAMACHANDRA RAO
ADDL ADVOCATE GENERAL

spondents in the case, brought to the tribunal's notice the threats held out to board officials by AP officers. Officials from the Union Ministry of Environment, Forest and Climate Change, who are also part of the team, also refrained from making the visit on account of the tense atmosphere.

Rao also informed the tribunal that the Telangana government is willing to bear the helicopter charges apart from expenses related to accommodation and other paraphernalia if a

team from the KRMB is willing to carry out the project inspection.

In response, the tribunal is reported to have asked: "Is the government ready to bear the expenses?" Rao replied in the affirmative. The tribunal then instructed the board to inspect the site. "Visit the site. Let's see what will happen..... We will take care....," the tribunal observed, asking the board to submit a detailed and clear report after the inspection.

The tribunal later posted the matter to August 9. Sources said the board could not explain the reasons behind failing to inspect the project site before the tribunal.

It was only after Telangana brought to its notice the threats being held out that the tribunal asked the board to complete the inspection without AP's assistance. Meanwhile, the counsel for the AP government contended that no NGT direction was violated.

Flood alert in Godavari, TS-Ch'garh borders shut

DC CORRESPONDENT
HYDERABAD, JULY 23

The Godavari has been swelling at Kaleshwaram in Bhupalpally district following heavy rains and people have been alerted of possible floods by the Central Water Commission (CWC).

The CWC warned the people of extreme floods in the Penganga in Adilabad district and alerts have been sounded in Nizamabad and Karimnagar districts.

The Godavari is likely flood in Eturnagaram in Mulugu district. The Godavari inundated NH 163 at Pavuralavagu bridge in Wazeed of Mulugu district, cutting off the road link to Chhattisgarh.

Heavy rain swamps buildings in Warangal, where the Godavari is running over bridges. — DC

The road to Mahabubabad through Gudur and Kesamudram has been cut off.

In Mancherla district, people had to be rescued in boats as the flood waters entered the ground floor houses.

There is no drinking water and the power supply has been cut off. In Nirmal district,

Governor Dr Tamilisai Soundararajan appreciated the good work of Indian Red Cross Society in distributing relief.

75 killed, several missing in landslides, floods in Maha

Army, Navy, Air Force, Coast Guard, NDRF, Maha agencies carry out rescue ops

SONU SHRIVASTAVA | DC
MUMBAI, JULY 23

At least 75 people have been killed in a series of landslides caused by heavy rains in Western and Konkan regions of Maharashtra since Thursday night. Search, rescue and relief operations are being carried out by Army, Navy, Air Force, Coast Guard, NDRF and Maharashtra government agencies. Close to 53 people were still missing in Raigad district. Mumbai-Goa and Mumbai-Bangalore National Highways have been shut because of floods.

A senior government official said that Mumbai-Goa national highway has been closed due to floods, which damaged the 78-year-old bridge on Vashishti river. Mumbai-Bangalore National Highway was also shut down due to overflowing of the Panchganga river near Kolhapur city at 4.30 pm. The water level in Panchganga is increasing. Therefore, all types of vehicles have been stopped to use this highway.

"The bridge at Chiplun would be repaired by Saturday noon. Till then all the vehicles have been stopped on this road. Unless the water level in Panchganga recedes, the traffic movement would not be allowed on Mumbai-Bangalore Highway," the official said.

Several videos from flooded areas have gone viral. In one of the videos, a crocodile was seen floating in the floodwaters of Chiplun. Another terrifying video from Chiplun shows a few people trying to pull up a woman from a flooded area using a rope. The woman clings on to the rope as she is pulled up, but just as she nears the terrace of the building, the rescuers lose grip and falls into the water.

A senior DMU official said that landslides have taken place at three places in Raigad districts. Landslides were reported at two places in Poladpur taluka and one place in Mahad taluka in Raigad district. 43 people were killed in Raigad district and eight

A view of the flood-hit areas in Raigarh district on Friday.

Indian Coast Guard (ICG) officers and Karnataka Disaster Response team during a rescue operation at a flooded area after heavy rain in Uttara Kannada district. — PTI

deaths reported and 24 feared trapped under debris in Satara district.

District Information Officer of Ratnagiri said that landslides were reported at four places leading to flood-like situation. A total 24 people were killed due to the flood. "Of these, eight were Covid patients at a hospital in Chiplun. Flood water entered into the first floor of the hospital leading to disruption in power supply. As a result, ventilators and oxygen units did not work leading to deaths of eight patients," the officer said. According to DMU, 18

NDRF teams have been deployed across the state. Four teams of NDRF, two teams of Coast Guard and two teams of Indian Navy and two teams of Army have been deployed in Ratnagiri district. While two teams of NDRF and two teams of SDRF have been deployed in Raigad district. Two columns of the Army have been deployed in Sangali district. Each column has 50 Army personnel along with search and rescue operation apparatus.

"Looking at the current situation, the state has demanded additional

eight NDRF teams from Bhuneshwar in Odisha," the senior official said.

Maharashtra Chief Minister Uddhav Thackeray announced financial assistance to the deceased of the kin. Thackeray also held a meeting with senior IAS and IPS officers at control room of disaster management unit in Mantralaya. After taking the flood review meeting at Mantralaya, the CM told reporters that Prime Minister Narendra Modi had called him and assured him that all kinds of assistance would be provided to Maharashtra.

INCESSANT RAINS LEAVE 2 DEAD IN UTTARA KANNADA

GURURAJ A.
PANIYADI | DC
KARWAR, JULY 23

Incessant rain for the last two days has affected normal life in the coastal district of Uttara Kannada in Karnataka. People in 82 villages of Uttara Kannada district have been affected.

Briefing mediapersons about the flood situation in the district, deputy commissioner Mullai Muhilan said two deaths were reported in the district.

"Despite asking people not to venture for fishing, a woman who had been fishing with her husband drowned in the water in Honnavar Taluk. In another incident in Sirsi Taluk, a person was returning from work when he tried to maneuver in the stream. His body has been recovered," Muhilan said.

Two people who were in a boat in Ankola taluk have gone missing. He said that the increase in water level in Kali river and Gangavali had resulted in flooding in the downstream areas in Karwar and Ankola taluks.

Navy and Indian Coast Guard teams have rushed to the rescue operation. They are working along with the revenue, fire, and police department. One NDRF and one SDRF team have been dispatched from Mangaluru to Karwar.

As per the preliminary report, 6,516 people have been evacuated. Of these 7,584 people are in 93 relief camps opened by the district administration.

While 67 houses were damaged partially, 9 were hit completely. Heavy rain in the catchment areas and upstream of the Kadra dam has resulted in a flood in Karwar Taluk.

Navy officials told Deccan Chronicle that the Indian Naval Emergency Response Teams had rescued 100 stranded people by boat at Singudda and Bhare villages. 8 stranded at Dongri were airlifted.

Palwal leads in water conservation

Govt to give ₹7K per acre to farmers who drop paddy cultivation in favour of pulses

BIJENDRA AHLAWAT
TRIBUNE NEWS SERVICE

PALWAL, JULY 23
Palwal district has achieved the target of 146.18 per cent in the implementation of the 'Mera Paani-Meri Virasat' (MPMV) scheme launched by the state government to promote cultivation of less water-consuming crops. The government has announced a financial support of upto Rs 7,000 per acre to the farmers who drop the cultivation of water-consuming kharif crops like paddy in favour of pulses or low-water consuming crops.

"Against the state average of 47.27 per cent achieved till July 21, Palwal is placed at the top with the achievement of 146.18 per cent of the target fixed for the district. While the MPMV target given to the district had been 1,000 acres, farmers here have already registered for the scheme on a land of 1713.47 acres, which is almost one and half times higher than the given target," says DC Naresh Narwal. Describing the achievement as remarkable in view of the importance of the implementation of the project, he said it

FILE PHOTO

REMARKABLE ACHIEVEMENT

“The achievement is remarkable in view of the importance of the implementation of the project. It is aimed at conserving water and ensuring higher returns to the farmers without depending much on the groundwater resources or rains. Naresh Narwal, DC

PADDY CAUSE OF FALL IN GROUNDWATER LEVEL

- The groundwater level has already gone down sharply due to excessive use of tubewells for the irrigation of paddy, one of the highest water-consuming crops.
- The total number of farmers who have registered for the scheme till date is 753. Currently, paddy is grown on 47,500 acres in Palwal.

was aimed at conserving water and ensuring higher returns to the farmers without depending much on the groundwater resources or rains. The groundwater level has already gone down sharply due to excessive use of tubewells for the irrigation of paddy, one of the highest water-consuming crops. The

total number of farmers who have registered for the scheme till date is 753. Currently, the paddy is grown on 47,500 acres in Palwal. Financial incentive of Rs 7,000 per acre has been announced for the replacement of paddy with crops like moong, arhar, sesame, cotton and sorghum under the scheme

for which July 31 is the last date for registration.

Hisar and Kurukshetra are placed at second and third spot with 71.53 and 71.35 per cent, respectively. Charkhi Dadri is at the bottom with 15.45 per cent. Sirsa, given the highest target area of 27,750 acres, has registered a total of

14,083 acres till July 21, which is 51.88 per cent. Despite zero target, Mahendergarh district has also registered an area of 171.6 acres for the scheme. A total of two lakh acres has been targeted to be covered under the project in the state, according to officials concerned.

Millennium Post- 24- July-2021

Heavy rains unleash havoc in west, south India; 129 dead in 48 hours

MPOST BUREAU

NEW DELHI: A total of 129 people have died in rain-related incidents in Maharashtra in 48 hours, a senior state disaster management official said on Friday, as heavy showers lashed several parts of west and southern India.

The toll includes 38 deaths in a landslide in Talai village in coastal Raigad district's Mahad tehsil on Thursday. Besides landslides, several people were swept away in floodwaters.

The official put the death toll in various incidents in western Maharashtra's Satara district at 27. Other fatalities

Locals at the site after several people died in a landslide at Taliye village in Satara district PTI

ties included those reported from eastern districts such as Gondia and Chandrapur, official said.

Besides, 10 people are feared trapped after a landslide in the coastal Ratnag-

iri district, while 11 more on board a bus had a narrow escape as they were rescued just before the vehicle got washed away into a river in Kolhapur district.

The Maharashtra government announced an ex-gratia of Rs five lakh each to the kin of people who have died in landslides triggered by heavy rains in different parts of the state. The injured will be treated in hospitals at the government's expense, it said in a statement.

Prime Minister Narendra Modi condoled the loss of lives in Raigad district and announced an ex gratia of Rs 2 lakh for the next of kin of the deceased. **Continued on P4**

The Statesman- 24- July-2021

Maha rain fury: 42 killed in landslides

No immediate relief appears in sight; IMD issues a red alert for 6 districts

PRESS TRUST OF INDIA
MUMBAI, 23 JULY

At least 42 people have died in rain-related incidents in Maharashtra, 36 of them in a landslide in coastal Raigad district, while 10 persons were feared trapped after a landslide in Ratnagiri district as heavy rains continued to wreak havoc in Maharashtra, where residents are being evacuated from hilly regions in Konkan, officials said on Friday.

As many as 129 people have died in rain-related incidents including landslides in Maharashtra in the last 48 hours, a senior official from the state disaster management department said on Friday evening.

Eleven people on board a bus had a narrow escape as they were rescued just before the vehicle got washed away into a river in Kolhapur district of Maharashtra early on Friday, police said.

No immediate relief appears in sight as the India Meteorological Department issued a red alert for six districts which have been already pounded by downpour, forecasting "extremely heavy" rainfall and recommending preventive actions.

The alert was issued for the next 24 hours for the districts of Raigad, Ratnagiri and Sindhudurg in coastal Konkan and also for Pune, Satara and Kolhapur in Western Maharashtra.

The landslide in Raigad district took place near Talai village in Mahad tehsil on Thursday evening.

RAIN MAYHEM

A view of the partially submerged Krishnamai temple in Karad on Friday.

» The water levels have receded but in hilly areas, roads and bridges have been washed away.

» As many as 84,452 people, including over 40,000 in Kolhapur district, were shifted to safer places in Pune division as rains battered the region.

"Thirty-six bodies have been recovered from the landslide spot so far," a senior police official said.

The search and rescue operation is on by NDRF teams, personnel of the local disaster management cell, police and district administration, he said.

Raigad district collector Nidhi Choudhary said the landslide incident was reported late Thursday evening. "But since the roads leading to the spot were blocked due to the floods and the sludge, the rescue teams found it difficult to reach the site," she said. "The operation resumed today morning and the bodies were recovered by afternoon," she added.

According to officials, there are around 30 houses in the village, which were completely damaged due to the incident. In the 24 hours ended at 8.30 am

on Friday, 165 mm average rainfall was recorded in Raigad district.

Chief minister Uddhav Thackeray expressed grief over the loss of lives in the landslide and spoke to the Raigad collector about the flood situation on Mahad, an official release said in Mumbai. Rescue teams have begun evacuating stranded people using helicopters, the release said.

Thackeray directed the district administration to expedite rescue operations and clearing of roads.

The water levels have receded but in hilly areas, roads and bridges have been washed away. Around 2,000 food packets have been distributed to people in Mangaon in Raigad district, the release said.

Thackeray has asked the authorities to ensure well-being of Covid patients undergoing treatment in various hospitals, the release

said. Landslides took place at Ambeghar and Mirgaon villages during Thursday night, burying a total of eight houses, said Ajay Kumar Bansal, Superintendent of Police, Satara rural.

The incidents followed a major landslide in the coastal Raigad district on Thursday evening. Some people have been rescued, the SP said.

Due to incessant rains, the roads leading to the two villages are either blocked or inundated, making it difficult to bring heavy machines for rescue work, the SP said. At least 10 persons were feared trapped in a landslide in Ratnagiri district, a senior official said.

The official said establishing contact has become difficult due to the poor mobile network and it is posing hurdles in reaching out to the affected people and responding to their SOS calls. Maharashtra minister Uday Samant, who reached Chiplun late Thursday night said, "Water has receded from several parts of Chiplun city now. But it is true that the water level was very high and it had crossed the 2005 deluge mark." Traffic on the Mumbai-Bengaluru national highway got disrupted on Friday after a stretch of road in Belgaum district of Karnataka got inundated, prompting the police in Kolhapur to stop the vehicles going to the neighbouring state, officials said.

An official from the Kolhapur district disaster management cell said the water level of the Panchganga river continues to rise.

The Statesman- 24- July-2021

SC turns down Delhi govt's plea against H'yana on water supply

Top Court: Govt should talk to the neighbour to resolve the issue and not keep filing 'application after application'

PRESS TRUST OF INDIA
NEW DELHI, 23 JULY

The Supreme Court Friday dismissed Delhi government's contempt plea against Haryana alleging violation of a 1996 order on water supply to the national capital, saying it should talk to the neighbour to resolve the issue and not keep filing "application after application".

Alleging that there is zero cusec release of raw water in Yamuna from Haryana, Delhi Jal Board (DJB) moved the top court recently for initiation of contempt proceedings against the neighbouring state saying that as per the February 29, 1996 order, the Wazirabad reservoir here has to be kept full.

Out of 450 cusec water, 370 cusec has been released by Haryana to Delhi through canal and rest 80 cusec water, to be released through the Yamuna river for Wazirabad water treatment plant here, has not been released leading to

the contempt of the apex court's order, DJB alleged.

"Contempt is dismissed," the top court said and asked the Delhi government to undertake consultation process with Haryana to resolve the issue.

Please advise your client not to file application after application. Now this contempt has been filed, a bench headed by Justice L N Rao told senior advocate Vikas Singh, appearing for the Delhi government,

while dismissing the contempt plea against Haryana.

Please tell us where is the contempt. If all the records are referred once again then there has been a report of a committee which found fault with you as well, said the bench which also comprised Justices AS Bopanna and V Ramasubramanian.

Singh referred to the apex court's 1996 order and stressed that the neighbouring state was in contempt of the direction

by not keeping Wazirabad water reservoir here full by supplying 450 cusec water to Delhi.

He said 370 cusec water is supplied through other system to Delhi but still 80 cusec water has to reach to Delhi's Wazirabad water treatment plant through Yamuna river and not a single cusec has been released by Haryana.

Senior advocate Shyam Divan, appearing for Haryana, sought dismissal of the contempt plea on various grounds including that after DJB's development of infrastructure, the entire water is not supposed to reach to Delhi through Yamuna river.

Divan said the state has been facing acute shortage of water this year.

Singh, on the other hand, said that Delhi, which has a growing population as the national capital, needs water for domestic consumption unlike Haryana which has been using major part for irrigation purposes.

The bench was uncon-

vinced and decided to dismiss the contempt plea of the Delhi government advising it to undertake consultation with Haryana to resolve the dispute.

The DJB had earlier moved the Supreme Court, seeking directions to Haryana to release the capital's legitimate share of water.

It had claimed that Haryana has been withholding 120 million gallons of water a day (MGD) meant for Delhi and that the raw water being discharged into the Yamuna by the neighbouring state is at an "all-time low".

"The DJB has just now filed the petition in Hon'ble SC seeking discharge of Delhi's legitimate share of water by Haryana which was decided by SC itself in 1995-96. Tough times in Delhi because Haryana has withheld Delhi's water in an outright contempt of SC's existing order," Raghyav Chadha had tweeted.

The DJB has been supplying 945 MGD of water to city residents this summer against the demand of 1,150 MGD.

हरियाणा के खिलाफ दिल्ली की याचिका खारिज, अदालत ने कहा

वार्ता से हल करें पानी का मसला

जनसत्ता ब्यूरो
नई दिल्ली, 23 जुलाई।

सुप्रीम कोर्ट ने राष्ट्रीय राजधानी में जलापूर्ति को लेकर 1996 के एक आदेश के कथित उल्लंघन संबंधी हरियाणा के खिलाफ दिल्ली जल बोर्ड की ओर से दायर अवमानना याचिका शुक्रवार को खारिज कर दी। याचिका में हरियाणा के मुख्य सचिव विजयवर्धन व अपर मुख्य सचिव (सिंचाई और जल संसाधन) देवेंद्र सिंह के खिलाफ सुप्रीम कोर्ट के आदेश की जानबूझकर अवज्ञा करने के लिए अवमानना की कार्यवाही चलाने की फरियाद की गई थी। सुप्रीम कोर्ट का आदेश दिल्ली के लोगों की पेयजल की जरूरत को पूरा करने के लिए वजीराबाद जलाशय का जल स्तर बरकरार रखने के संबंध में था। पीठ ने दिल्ली सरकार से कहा कि वह इस मसले पर हरियाणा सरकार से बातचीत करे।

न्यायमूर्ति एल नागेश्वर राव, न्यायमूर्ति एस

अदालत आए हैं।

अदालत ने कहा, हम आपको चेतावनी दे रहे हैं कि एक के बाद एक अर्जियां दायर करना बंद करें। इस मामले में आप चौथी बार

बोपन्ना और न्यायमूर्ति वी रामसुब्रह्मण्यम की एक पीठ ने दिल्ली सरकार के वकील से पूछा हमें बताइए कि 26 वर्ष बाद अब क्या अवमानना हुई है। हमने जो समिति नियुक्त की थी, उसने कहा है कि हरियाणा द्वारा छोड़े गए पानी की मात्रा समझौते के अनुसार थी। इस पर दिल्ली सरकार के वकील विकास सिंह ने कहा कि अवमानना इसलिए है क्योंकि वजीराबाद

जलाशय को 1996 के आदेश के हिसाब से पूर्ण रूप भरा जाना चाहिए।

इस दलील से असहमत पीठ ने कहा, जहां तक हमने समझा है, वह आदेश उस वर्ष के लिए था और वह पूर्व में पारित एक अंतरिम आदेश की बाबत था। विकास सिंह ने कहा कि वजीराबाद जलाशय को 450 क्यूसेक पानी चाहिए। यह बात हरियाणा ने भी मानी थी। इस पर जजों ने कहा, हम आपको चेतावनी दे रहे हैं कि अपनी सरकार को सलाह दीजिए कि वह एक के बाद एक अर्जियां दायर करना बंद करें। इस मामले में आप चौथी बार अदालत आए हैं।

पीठ ने कहा-आप कितनी बार दायर करोगे। पहले अर्जी दर अर्जी और अब अवमानना की याचिका। इस पर विकास सिंह ने दलील दी कि हरियाणा सरकार जमुना जल को दिल्ली में पीने के लिए देने के बजाए खेती में इस्तेमाल कर रही है। उन्होंने कहा कि उनके हिसाब से हरियाणा ने अदालती आदेश की अवमानना की है।

Haribhoomi- 24- July-2021

**महाराष्ट्र में
आफत की
बारिश से
हालात बेकाबू**

एजेसी मुंबई

महाराष्ट्र में लगातार हो रही बारिश की वजह से जनजीवन अस्तव्यस्त हो गया है। रायगढ़, रत्नागिरी, पालघर, ठाणे और नागपुर के कुछ हिस्सों में बाढ़ के सहालात हैं। बारिश के कारण राज्य में अभी तक 41 लोगों की मौत हो चुकी है। रायगढ़ के तलई गांव में लगातार हो रही बारिश से पहाड़ का मलबा गिर गया। इसके नीचे 35 घर दब गए। इस हादसे में 38 लोगों की मौत हो गई। वहीं 70 से ज्यादा लोग लापता हो गए हैं। 15 लोगों को बचाया गया है, जबकि 30 से ज्यादा लोग अब भी मलबे में दबे हुए हैं। इसे देखते हुए मृतकों का आंकड़ा और बढ़ सकता है। वहीं सतारा जिले में भूस्खलन की वजह से 8 लोगों की जान चली गई, जबकि मुंबई में एक इमारत गिरने से पांच लोगों की मौत हो गई। राज्य में अभी तक 49 लोगों की मौत हो चुकी है। एनडीआरएफ की टीम राहत और बचाव कार्य में जुटी है। हालांकि, भारी बारिश के कारण राहत कार्य में यहां भारी दिक्कत आ रही है। लोगों में हाहाकार मचा हुआ है।

मायानगरी बाढ़ में डूबी, भूस्खलन और इमारत गिरने से अब तक 49 की मौत, 70 से ज्यादा लोग लापता

महाराष्ट्र में इन दिनों आफत की बारिश हो रही है। लगातार हो रही बारिश के चलते जनजीवन अस्तव्यस्त हो गया है। बारिश का कहर सबसे ज्यादा रायगढ़ जिले पर दिख रहा है। यहां भूस्खलन की वजह से 38 लोगों की मौत हो गई। राहत और बचाव कार्य जारी है। भारी बारिश के कारण राहत कार्य में यहां भारी दिक्कत आ रही है।

**27
लोगों को
बचा लिया
गया**

कलेक्टर रायगढ़ कलेक्टर निधि चौधरी ने बताया कि जिले में भूस्खलन से कुल 38 लोगों की मौत हुई। इनमें तलाई इलाके में 32 और सखार सुतार वाडी में चार की जान चली गई। वहीं सतारा में भी आठ लोगों की मौत हो गई है जबकि 2 लोग अब भी लापता हैं। जिलाधिकारी ने बताया कि 27 लोगों को सुरक्षित बचा लिया गया है।

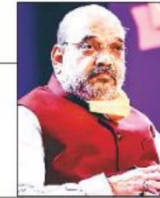

6 हजार लोग फंसे, रेस्क्यू जारी

बारिश के कारण हालात इस कदर बिगड़ गए हैं कि कोकण रेल स्ट्र पर सर्विस ठप ठोने के कारण करीब 6 हजार यात्री फंसे गए हैं। रत्नागिरी जिले में बारिश के कारण रेल सर्विस बंद हो गई थी, इसी वजह से ये यात्री यहां पर ही फंसे गए। अलग-अलग इलाकों में फंसे हुए लोगों को बाहर निकालने के लिए एजेंसियां जुट गई हैं।

**शाह ने दुख जताया,
मदद का भरोसा दिया**

रायगढ़ हादसे पर केंद्रीय गृहमंत्री अमित शाह ने दुख जताया। गृहमंत्री शाह ने महाराष्ट्र के मुख्यमंत्री उद्धव ठाकरे और एनडीआरएफ के डीजी एसएन प्रधान से बात कर हरसमय मदद का भरोसा दिया।

वर्षा वास्तु छह जिलों के लिए रेड अलर्ट

भारत मौसम विज्ञान विभाग (आईएमडी) ने महाराष्ट्र के वर्षा वास्तु छह जिलों के लिए 'रेड अलर्ट' जारी करते हुए अत्यधिक बारिश का पूर्वानुमान व्यक्त करते हुए एहतियाती उपायों की अनुशंसा की है। 24 घंटों के लिए राष्ट्रीय कोकण इलाके में रायगढ़, रत्नागिरी और सिंधुदुर्ग जिलों के साथ ही पश्चिमी महाराष्ट्र के पुणे, सतारा और कोल्हापुर जिलों में रेड अलर्ट जारी किया गया है। मौसम विभाग के एक अधिकारी ने कहा कि घाट इलाकों में कुछ जगहों पर बेहद भारी बारिश होने के आसार हैं।

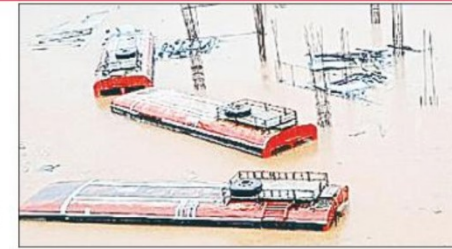

कई क्षेत्रों को सेना के हवाले करना पड़ा

मुख्यमंत्री उद्धव ठाकरे ने बताया कि रायगढ़ के तलाई गांव में भूस्खलन से करीब 35 लोगों की जान चली गई। कई जगहों पर राहत एवं बचाव कार्य जारी है। सीएम उद्धव ठाकरे ने कहा कि मैंने उन लोगों को निकालने और स्थानांतरित करने का आदेश दिया है जहां भूस्खलन की संभावना है। ठाकरे ने कहा कि सड़क और पुल क्षतिग्रस्त होने से एनडीआरएफ और अन्य बचाव दल को विपलव में बाढ़ प्रभावित इलाकों तक पहुंचने में दिक्कत हो रही है। वहीं, राहत और पुनर्वास मंत्री विजय वडेट्टीवार ने बताया कि पंचगंगा नदी का जलस्तर बढ़ने से कोल्हापुर में चिंता की स्थिति बनी हुई है। उन्होंने बताया कि 40-50 लोगों का हताहत की सूचना है। एनडीआरएफ की 2 टीमें मौजूद वहां मौजूद हैं और एक और आने वाली है।

कोकण डिवीजन में 8 की मौत, 700 को सुरक्षित निकाला

मौसम विभाग ने अगले तीन दिन के लिए कोकण, मुंबई और इसके आसपास के जिलों के लिए रेड अलर्ट जारी किया है। वहीं एनडीआरएफ की टीम पानी में फंसे लोगों को सुरक्षित स्थानों पर पहुंचा रही है। कोकण डिवीजन में अभी तक बारिश से जुड़ी घटनाओं में 8 लोगों की मौत हो चुकी है। करीब 700 लोगों को सुरक्षित बाहर निकाला जा चुका है।

बारिश की वजह से कई ट्रेनों को रद्द करना पड़ा

बारिश की वजह से कोकण रेल स्ट्र पर कई जगह लैंडस्लाइड हुई है। रत्नागिरी जिले में बारिश के कारण रेल सेवा बंद कर दी गई है। अलग-अलग जगहों पर करीब पांच हजार से ज्यादा यात्री फंसे हुए हैं। इनमें निकालने के लिए एनडीआरएफ की टीमें को लगाया गया है।

कोसी नदी पर बना तटबंध टूटा, कई गांव और खेतों में फैला पानी

एजेसी सुपौल

कोसी नदी के अंदर बना सिकरहट्टा-मझारी निम्न बांध गुरुवार की देर रात करीब डेढ़ बजे चुटियाही के पास टूट गया। तटबंध टूटने से निर्मली प्रखंड के दर्जनी गांव बाढ़ के पानी से घिर गए हैं। सैकड़ों एकड़ खेत में लगी धान की फसल डूब गई है। तटबंध टूटने से करीब 25 हजार की आबादी प्रभावित है। साथ ही कुनौली और कमलपुर पंचायत का सीधा संपर्क प्रखंड मुख्यालय से कट गया है।

कुनौली और कमलपुर पंचायत का सीधा संपर्क प्रखंड मुख्यालय से कट गया

खास बातें

- तटबंध टूटने से करीब 25 हजार की आबादी प्रभावित
- लगभग 50 फीट तटबंध पानी में बह चुका है

तटबंध पर सीपेज के कारण दबाव बन रहा था

क्षतिग्रस्त तटबंध को दुरुस्त करने का काम युद्ध स्तर पर चल रहा है। जल संसाधन विभाग के अधिकारी वहां कैप कर रहे हैं। हालांकि शुक्रवार शाम 5 बजे तक स्थिति यथावत रही। बताया जा रहा है कि चुटियाही के पास तटबंध पर पिछले कुछ दिनों सीपेज के कारण दबाव बना रहा था। गुरुवार की रात अचानक से 10 फीट तटबंध आवाज के साथ टूट गया। फिलहाल लगभग 50 फीट तटबंध पानी में बह चुका है। पानी की तेज धारा से तटबंध का टूटना जारी है।

आसपास बसे गांवों में अफरा-तफरी

उधर, तटबंध टूटने की खबर से आसपास बसे गांवों में अफरा-तफरी मच गई। रात में ही ग्रामीण घरों से जल्द्री सामान लेकर तटबंध और एनएच-57 सहित अन्य ऊंचे स्थलों पर शरण लेने लगे। सूचना मिलने पर रात को ही निर्मली अनुमंडल के सभी वरीय पदाधिकारी मौके पर पहुंच गए। शुक्रवार सुबह डीएम महेंद्र कुमार, एसपी मनोज कुमार भी वहां पहुंचे और कई घंटों तक कैप किया। इस संबंध में जल संसाधन विभाग के चीफ इंजीनियर मनोज रमन का कहना है कि सिकरहट्टा-मझारी निम्न बांध के क्षतिग्रस्त हिस्से को ठीक करने से पहले दो दिन पहले टूटे सुरक्षा बांध को दुरुस्त करने का काम युद्धस्तर पर चल रहा है। शुक्रवार देर रात तक तटबंध को दुरुस्त करने का प्रयास है। वहीं सुपौल डीएम महेंद्र कुमार ने कहा कि जल संसाधन विभाग के अधिकारी क्षतिग्रस्त तटबंध स्थल पर कैप कर रहे हैं। विभागीय मंत्री और सचिव इसकी मॉनिटरिंग कर रहे हैं। विस्थापित परिवारों के बीच राहत सामग्री बांटी जा रही है। दो जगह कम्युनिटी किचन चलाया जा रहा है।
