Software Management Directorate

CIRCULAR

Various type of specialized software (ABAQUS, AUTOCAD, STAAD PRO, ARCGIS, ERDAS etc) are being used in CWC HQ for official works. Subscription of the software needs to be renewed periodically. Further request for procurement of new software are also being received in this office. To streamline and optimize the procurement of such software it is proposed to review the exact requirement and utility of the software before processing the cases for renewal/procurement.

Accordingly, it is requested that all offices using/requiring specialized software may resend their requisition with detailed justification for use of the respective software in official works to finalize the case for procurement.

This issue with the approval of Director SMD.

(S.F.H. Abidi)
Deputy Director

To,

1. All officers through CWC Website.
