### Circular

Software Management Dte is in the process of upgrading IT infrastructure and implementing e-governance activities in Central Water Commission. Automating official works/work Flow through web portal and mobile applications is an integral part of e-governance.

In this regard all sections/offices in CWC are requested to send request/suggestions for development of mobile app pertaining to official works being done in the respective offices. It is recommended that the requests/suggestions must include the detailed scope of work describing the respective work flow for which mobile application/web portal is proposed.

Finalized suggestions/ requisitions are proposed to be included in the Work Plan of 2021-22, accordingly all offices/sections having suitable ideas to automate official work/work flow may submit the request at the earliest.

This issue with the approval of Director, S M Dte, CWC.
