November 24, 2021

Dear Shri Kumar,

Government of India has approved the Country's first International Financial Services Centre (IFSC) at GIFT City, Gujarat and has also established the International Financial Services Centres Authority (IFSCA), a unified regulatory body to regulate financial products, financial services and financial institutions in IFSCs in India.

2. Government of India is promoting GIFT IFSC as a world class FinTech hub. In furtherance of this objective, IFSCA, under the aegis of Government of India and in partnership with GIFT City & Bloomberg is organising its first global FinTech event "InFINITY Forum" on December 3 and 4, 2021, in virtual mode. The Forum is positioned as an annual global thought leadership platform on FinTech where pressing problems, progressive ideas, innovative technologies from across the world get discovered, discussed and developed into solutions and opportunities. This year the United Kingdom, Indonesia and South Africa have also been invited to participate in the event as partner countries.

3. **The Forum shall be inaugurated by the Hon'ble Prime Minister of India** and will be attended by Heads of State and Finance Ministers from partner countries. The Forum will bring global leaders, policy makers and business leaders on a common platform to discuss and come up with actionable insight into how technology and innovation can be leveraged by the FinTech industry for inclusive growth and serving the humanity at large.

4. This year, the Forum will focus on three key themes (i) *FinTech beyond boundaries* with governments and businesses focussing beyond the geographical boundaries in the development of global stack to promote financial inclusiveness, (ii) *FinTech beyond Finance* by having convergence with emerging areas such as SpaceTech, GreenTech and AgriTech to drive sustainable development, and (iii) *FinTech Beyond Next* with focus on how Quantum Computing could impact the nature of Fintech industry in the future and promote new opportunities. Each of the themes extend the realm of FinTech beyond boundaries, keeping in line with the overarching spirit of the event.
