Instructions:

1. All participants who will be attending the course virtually will have to enroll for the course by registering for the Moodle LMS of NWA hosted on www.nwapune.gov.in. The detailed process for enrollment is laid down on the next page.

2. In order to facilitate a smooth and effective learning experience, participants are kindly instructed to ensure the following prerequisites:

   A. The course will include hands-on sessions on **Orange and Tableau software**. Participants are advised to use a desktop computer for attending the online classes and a laptop for the hands-on sessions. This will facilitate following the step-by-step instructions shown on the screen.

   B. **Orange Software Installation:** All participants should have laptops or desktops with orange software installed. This software is open-source and free of cost. You may download it from the following link:

      https://orangedatamining.com/download/

   C. **Tableau Software Installation:** Participants are required to have Tableau Public software installed on their systems. The software can be downloaded from the following link:

      https://www.tableau.com/products/public/download

   D. **Joining Classes:** Online links for joining the classes are already placed on the course page. Participants are advised to attend the classes using the links placed on the course page so that all the activities can be accessed at one place.

   E. **Certification:** After the conclusion of the program, participants can generate their certificates through the course page. Please ensure to submit the feedback to generate the certificate.

1. Visit https://www.nwapune.gov.in/

2. Click the login/Registration tab available on the dashboard. (For first time users). If registration has already been done, please enroll for the course using the code cwc1945

3. Click on Create new account as shown below:
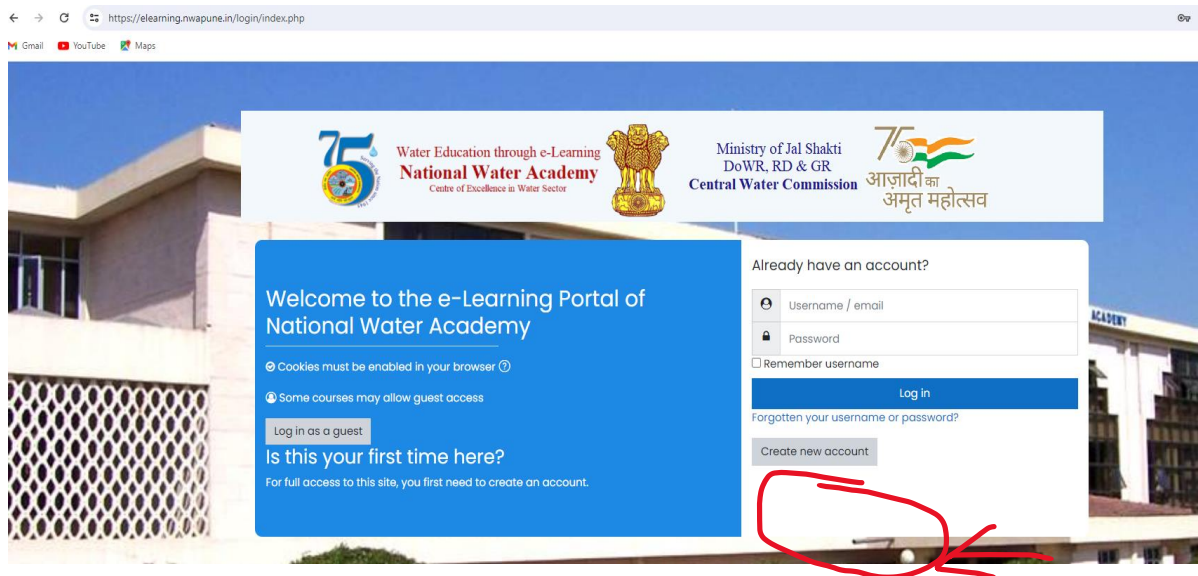

4. Fill the details in registration form as shown below:

5. After filling in the details, activate the account through the link received in the email used for registration.
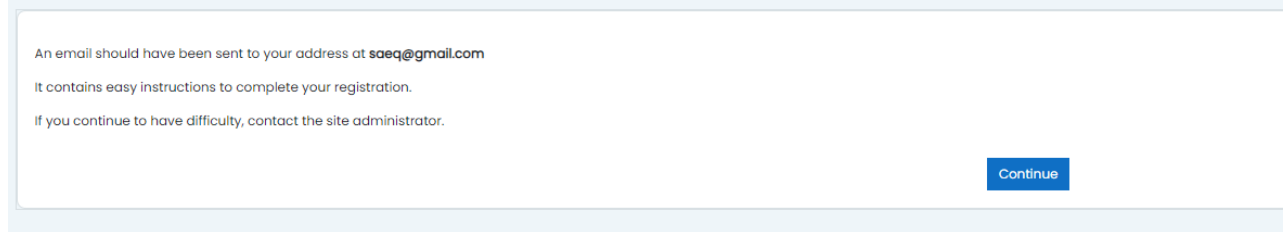

6. Set the password after activating the account.
7. Login using the credentials.
8. Click Site home.

9. Scroll down and enroll for the course on "Artificial Intelligence (AI), Machine Learning (ML), Deep Learning (DL)& Data Driven Decision Making for Government "available under Certification Course using enrollment key *cwc1945.*
10. In case of any difficulty in accessing the course and attending the classes, please contact Mr. G. Srinivasulu, Deputy Director, NWA, at 9911340729
