विषय : Virtual Training Program on "Procurement Challenges and Their resolutions" being organized by National Water Academy, CWC, Pune during 12-13 March 2024 – **request for nominations** - reg.

महोदय,

1. The National Water Academy, CWC Pune, is organizing a Virtual Training Program on "Procurement Challenges and Their resolutions" during March 12-13, 2024, benefiting all officers and staff of the Central Water Commission (CWC).
2. This comprehensive training program will delve into procurement challenges encountered by officers across different hierarchical levels, utilizing case studies for in-depth analysis. Prior to the commencement of the program, participants will be invited to share specific challenges they face. These challenges will be thoroughly examined and discussed among Chief Engineers (CEs), Superintending Engineers (SEs), and Executive Engineers (EEs). Subsequently, tailored solutions will be provided during the training sessions on a case-by-case basis. The discussions will be led by Sh. D.K. Tiwary, Retd. Chief Engineer, CWC, on the first day of the program, with field EEs leading the discussion on the second day.
3. All sessions will be conducted online via the Moodle Learning Management System (LMS) hosted at www.nwapune.gov.in/. The procedure for registration and enrollment for the course is detailed in Annexure-I. The webinar links for joining the classes will not be shared externally. Instead, all relevant links have been diligently placed on the course page to systematically monitor attendance. Participants who complete all classes/assignments will receive a self-generated certificate.
4. Upon enrollment, participants are kindly requested to articulate at least one specific challenge they face in their day-to-day procurement activities in the course forum.
5. Interested officials are invited to enroll for the course with the consent of their controlling officers.

भवदीय,

संलग्न : As above

(जि. श्रीनिवासुलु)
