|--------|--|---|
| 1. | Telangana State Government has requested the Centre to treat Kaleshwaram Lift Irrigation Project (KLIP) as a National Project. It was initiated in 2016 on the Godavari River. Designed to irrigate 45 lakh acres for two crops in a year, meet the drinking water requirement of 70% of the State and also cater to the needs of the industry. The Centre under the Andhra Pradesh Reorganization Act, 2014 is mandated to support programmed for the development of backward areas in the successor States, including expansion of physical and social infrastructure. 9 out of 10 districts of Telangana (It had 10 districts when it separated. Now, it has 33 districts) were covered under the Backward Regions Grant Fund. (It is a programme implemented by the Ministry of Panchayati Raj in 272 identified backward districts in all States of the country except Goa) To provide drinking water and restore irrigation tanks, Mission Bhagiratha and Mission Kakatiya were taken up respectively. Please provide the details why the Jal Shakti Ministry is not recognizing KLIP as national project while Polavaram in Andhra Pradesh and Upper Bhadra in Karnataka has been accorded National Project Status by the Union government of India. Can you please provide on what parameters the KLIP was not given the national project status. | Kaleshwaram Project was considered and accepted by Advisory Committee of DoWR, RD & GR in its 136th Meeting, held on 06.06.2018. However, Telangana State government has not submitted any proposal for inclusion of Sri Kaleshwaram Lift Irrigation Project (Telangana) under scheme of National Project in prescribed format as per guideline of National Project available at http://jalshakti-dowr.gov.in/sites/default/files/File620_2.pdf |
